## Sofa Collection

The Tayber Kamy sofa collection brings together all the style of a modern sofa but with the traditional appeal of high back cushions and comfy armrests. Its slim profile will appeal to those who want a sofa that doesn't take up too much space in their home but is very comfortable as the back rests actually adjust to three settings to suit how straight or otherwise you need the back cushion to be. The no sag seats and seat cushions are filled with foam whilst the back cushions are 100% silicone hollowfibre. Each sofa in this range comes with scatter cushions. This stunning sofa is available to purchase immediately in light grey fabric with light wooden tapered legs. Should you wish to customise this sofa range to your exact taste you can do so by choosing a static or electric reclining model, the fabric grade and colour and the leg colour too.
