Bedroom Collection

The exquisite Saoirse bedroom collection oozes style and opulence. The star of this showcase collection is the bed frame, which gives the appearance of floating and has ambient illumination on the underside of the bed. The beautiful headboard is made up of two contrasting colour sections, and features an ambient light surrounding the cushioned headboard, which can be controlled from both sides of the bed. The accompanying soft close bedroom cabinets are all oval shaped with front facing drawers and hidden side cupboards to maximise storage space. Sleek black metal handles and legs finish off these exceptionally designed pieces.
